## **Solar Power International 2011 accommodates SKC Booth in Dallas, TX (Oct 17~20, 2011) .**

In conjunction with successful launching SKC photovoltaic product groups at InterSolar 2011 in San Francisco, July 2011, SKC will have another informative and beautiful booth in Solar Power International in October.

Solar Power International is one of the biggest and most traditional Photovoltaic trade shows in the world and it will be held at Dallas Convention Center in Dallas, TX in 2011. The opening date is Oct 17th (Mon) and it will be crowded until Oct 20th (Thu).

SKC will display EVA made in GA, PVDF (Tedlar equivalent), and various new-born polyester films. SKC Booth Number is 3415.

If you need any promotional registration information, please send me an email to us at [info@smpcorps.com](mailto:info@smpcorps.com). We will send you the information as soon as available.

Look forward to seeing you at Dallas, TX.
