## **SMP launches screen protection films for cell phone and computer screens.**

In addition to a variety of products, SMP introduces state-of-the-art screen protection films to North America.

In addition to outstanding Scratch-Proof features, SMP screen protection sheets have various features of anti-microbial (SCG certified), anti-glare, anti-Smudge and privacy. SMP screen protection films can be used for screen protectors of mobile phones, computers, tablet devices and other screens and monitors.

If you want more detail info about products, you can visit Product & Details at [www.smpcorps.com](http://www.smpcorps.com) or contact us at [info@smpcorps.com](mailto:info@smpcorps.com).
